Russian-Ukrainian War series. Buggy Mongoose. The Ukrainian Combat Vehicle, basic version

This series of kits is dedicated to all countries and to all people of Planet Earth who supported Ukraine in protection from the barbarian invasion. Glory to Ukraine!

The aggressive war of the Russian Federation against Ukraine gave rise to a mass volunteer movement of the unprecedented scale both inside and outside the borders of Ukraine. Tens of thousands of men and women around the world use every opportunity available to them to help Ukraine achieve the successful struggle against the aggressor. The volunteer movement in Ukraine knows many examples which in order to help the Army, people abandoned their past activities, united and began to produce selflessly what was needed at the front.

An example of such dedicated work is the small business company - Buggy Mongoose. Created by dedicated enthusiasts, this enterprise produces various types of transport equipment, taking into account the recommendations of the military. You can get acquainted with the company's goods on their website: buggy-mongoose.com.ua

Master Box Ltd. company thanks the management of Buggy Mongoose company for the submitted materials, which made it possible to create the reliable model of the real combat vehicle.

The part of the proceeds from the sale of this kit and of the kits from this series will be used to meet the needs of the Armed Forces of Ukraine.
